September 1937

Vol. V, No. I

With this issue we are commencing the fifth volume of the "News-of-the-School", and we still wonder if all the graduates who receive it, read it! We think you all like to get news of the school and of the graduates, but some of you are also very much interested in new teaching ideas, new material, etc. In the future we have decided to send the technical material of our News Letter only to those graduates who are active in physical education. If you are not teaching and still would like to have it please let us know.

It surely is permissible for The Margaret Eaton School to show a reasonable pride, at least to her own graduates, in the number of requests that come in for graduates and students to fill summer positions. The following list of camps where we had one or more counsellors this summer will be the justification of our feelings:

And this is not all: Florence Johnston '30 taught Dancing at the summer course for Ontario physical education teachers at Lake Couchiching held in July: Molly Maw '35 for the second summer taught swimming at Bigwin Inn, Lake of Bays. Winnifred McEvoy '35 was a chaperone on one of Major Ney's Tours. Other graduates taught swimming in the city schools and did playground work.
